Thanks Steve,

Here is what I sent along. I added a contingency to account for the size.

Good afternoon,

Considering the severity of the damage to this point ESF 10 projects that approximately \$275,000,000 in total funding will be needed across various MA's for a 90 day projection. That number could be lowered in the future, due to the capabilities of the State of Texas, cost share, and other factors.

Good Afternoon ESF,

Per our OCFO, we need a 90 day projection on how much you need on your MA's. Please provide this information at your earliest convenience.

*Respectfully,*

Mission Assignment Unit Leader
